

Fun Times in Assisted Living

COVID-19 STATUS

We remain COVID-free here in Assisted Living. We have no residents in our Assisted Living Section who are positive for the COVID-19 virus or displaying any related symptoms. All remain healthy and well!

HAPPY FRIDAY 😊

I have the privilege of having an office that allows me to be an eavesdropper. There have been so many conversations related to “what happens now. . .” regarding all the societal changes related to COVID-19. It brings to my mind a former resident. Whenever things became challenging for him, he’d pause for a moment and then say, “Well, I guess we just keep on a keepin’ on.” My friends, I think that’s what we do. We keep going, one second at a time. We take care of each other. We support each other. We come together as a community and don’t allow this to divide us.

I want to pause at the end of this week to thank you all. The support you have shown, even through the challenges, has been indescribably beautiful. Instead of becoming frustrated, you’ve shared your thanks and gratitude. I hope you realize how much that has meant to all of us. We miss seeing all of you as much as you miss your loved ones. Stay safe and stay well my friends.

Kari Randall, MSW
Director of Assisted Living

“We just keep on a keepin’ on.”

Bill L., Former Odd Fellows Resident

MOTHER’S DAY

Mother’s Day is upon us. This year will be different indeed, for all of us. But here at The Home we are hoping to make it special nonetheless. We’ll have staff available from 9:00a-11:00a at the front doors of the facility to receive anything you would like to send to your mothers. We also have some special treats and things planned in-house to help celebrate the day.

COVID TESTING

A question many of you have had relates to when COVID-19 testing will happen here at Odd Fellows. We did promise that all residents and staff would be tested as part of our response to our positive cases. We faced some challenges obtaining the number of test kits needed to test everyone on our campus. Just when we thought we would not get them, surprise! We found out yesterday that they had arrived. Today we tested the vast majority of our staff and residents. There are a few who we were not able to test today for a variety of reasons. Those individuals will be tested Monday/Tuesday of next week. Results of the test for those tested today should be available early next week.

THE NEW FAVORITE ACTIVITY

Hallway Bingo has become the new favorite for our residents. We do bingo for one hallway at a time to keep the number of residents small. Each resident sits in his/her doorway and an activity person calls from a central location. Each resident also has his/her own card that they keep in their room to prevent any possible cross contamination. It's been a hit! The residents LOVE IT!! One thing that we all miss during this period of isolation is social interaction. This gives them an extra chance to talk with their neighbors and show off their fancy new mask. And . . . winning a bingo prize doesn't hurt either 😊
